

# FROM LAB TO MOBILE MEET UP

Cowboy Underground, Student Union, OSU-Stillwater

**21st January 2016 - 5:30pm**

Join us for an evening to learn and network with your fellow researchers across discipline who are solving problems by using mobile computing as an integral part of delivering their solutions.

Researchers and students who are working on the following areas are invited: Mobile Apps, Connected Devices, Internet of Things (IoT), M2M (Machine to Machine), Wearables, Interaction Design, UI/UX design, Machine human interface, Mobile health and Robotics.

**Guest Speaker: Hear from a mobile industry leader**  
**Mr. David Allen, Director, Internet of Things Platforms,**  
**AT&T on Future and possibilities with Connected Devices.**
